Message from the Principal (26 July 2011)

Unity College is an Ecumenical school embracing the Catholic and Uniting Churches’ traditions. Classes are offered from Prep to Year 6 in the Junior Phase, Years 7 to 9 in the Middle Phase and Year 10 to 12 in the Senior phase.

Construction of stages 1, 2 & 3 are now completed with Stage 4 being completed for 2012.

Unity College is well resourced and designed in such a way as to maximise the educational opportunities for the young people in our care. A large assembly hall has been constructed via BER funding from the National Government.

Staff at Unity are selected from a very large number of applicants and have proved to be excellent.

Unity is a welcoming College which aims to provide an educational experience which will allow students to strive for excellence in all facets of the curriculum, academic, cultural, sporting and spiritual.

Our behaviour management is based on the concept of respect. That is respect of oneself, respect for others and respect for the environment.

The school is built on 11 hectares of land at Bellvista Estate and is a master planned College. Unity College has the backing and resource base of Brisbane Catholic Education and the productive working partnership with the Uniting Church has proved to be a very positive experience.

I invite you to visit the College and talk to us about enrolling your child.

Kind regards

Mr Rudy Goosem Principal

Mission Statement

Unity College aims to be a welcoming and supportive community of people who respect ourselves, each other and the environment. Our school will seek to provide a holistic education, striving for excellence through the teaching and demonstration of the Christian message. It will be a school which provides a student-focused education in a safe environment and which creates equal opportunity for all to develop their full potential.
