Safe and Supportive Environment Policy

POLICY

All members of the Unity College community have the right to feel safe and supported. Bullying, harassment and violence of any form will not be tolerated by any member of our community – student, parent or staff.

This policy sets out our approach to help the College and our community address issues of bullying, harassment, and violence to ensure the provision of a safe and supportive learning environment for all.

Rationale

Blessed are the peacemakers; for they shall be called the children of God. (Matthew 5:9)

In our Mission Statement we state that we aim to:

- Be a welcoming and supportive community of people who respect ourselves, each other and the environment.
- Provide a student-focussed education in a safe environment

As such we have a responsibility to provide an environment which protects the emotional, psychological and physical wellbeing of all members of our College community. The College seeks to continue building a pro-active and supportive environment in which all members of the College community understand that bullying, harassment and violence are wrong and that individuals have the responsibility to report such incidents when they become aware of them.

Values

It is Gospel values that enliven the community of Unity College. These values will impact on all decisions concerning the purposes, content, teaching/learning experiences, evaluation processes and structures within the community.

Recognizing learning is an active, shared, life-long journey, the following values are important signposts for our developing community:

- the integration of faith, life and culture
- a commitment to working with parents as the first educators in collaborative partnership
- being a place of opportunity for faith, hope and love
- accepting diversity
- respect and support for the individual gifts, talents and needs of each member of the school community
- provide educational opportunity to assist the holistic growth of all

Amongst the values especially commended are: dignity, respect, compassion, justice, honesty, openness, inclusion, trust and forgiveness. (Education Brief)

**Bullying is not**
• a disagreement between students where both have the same power
