				Engineering	Design Folio Practical Piece		Issue: Week 2 Beginning Draft: Week 4 Due: Week 5				
			Engineering	Design Folio Practical Piece	Issue: Week 5 Beginning Draft: Week 7 Due: Week 9						

Where an assessment item has a 'Week Beginning' listed, the submission or exam will take place during the week. Alternatively, an assessment item with 'Week Ending' indicates the last timetable lesson of that week. From time to time, assessment schedules need to be altered to reflect a change in circumstance or student readiness for assessment. If there is a change to the set date listed above, communication will be issued by either the subject teacher, the relevant curriculum leader or member of the College Leadership Team. If you have any questions regarding the assessment schedule or would like more information about a specific subject, please email swroe@bne.catholic.edu.au

Success in learning occurs when there is a positive working partnership between the student, school and home. When a student is unable to attend school for an extended period, we kindly ask for this to be communicated to the College as soon as possible so that appropriate planning and provisions for assessment can be made if possible. Whilst all learning can be accessed via the student learning platform, we expect students to attend every day to maximise their learning. If a student does not manage to submit a draft or final submission, students are required to attend Homework Club on Wednesdays to receive the appropriate support for their learning.
