Success in learning occurs when there is a positive working partnership between the student, school and home.

When a student is unable to attend school for an extended period, we kindly ask for this to be communicated to the College as soon as possible so that appropriate planning and provisions for assessment can be made if possible. Whilst all learning can be accessed via the student learning platform, we expect students to attend every day to maximise their learning.

If a student does not manage to submit a draft or final submission, students are required to attend an afternoon detention to receive the appropriate support for their learning.
